- Census results are used for Redistricting at national, state, and local levels.

- **Money/Economic Impact**

The 2020 Census is DIFFERENT

Optimizing Self-Response for 2020 Census

- We are making it easier than ever before for people to respond to the Census
- In previous censuses, the **primary method** of responding to the census was to receive a questionnaire in the mail...complete it and mail it back
- **HOWEVER, for the 2020 Census, the INTERNET is the primary method** for households to self respond

Optimizing Self-Response for 2020 Census

- **Secondary** ways of responding to the 2020 Census
 - Toll-free number
 - **At any time, people can call our Census Questionnaire Assistance centers and get help completing their Census on the Internet...OR**
 - **Households can complete their Census with one of our staff over the telephone**
 - Non Response Follow Up operation
 - Enumerators visit the household to conduct the interview

It is important
to note that
the Census
Bureau:

never asks for your full Social Security number;

never asks for money or a donation;

never sends requests on behalf of a political party;

never requests PIN codes, passwords or similar access information for credit cards, banks or other financial accounts.

LOW RESPONSE SCORES

Our Outreach Strategy

Complete Count Committees (CCC)

- A CCC is a group of “trusted voices” in the community appointed by the highest elected official, to develop activities to raise census awareness among community households and urging them to complete the census accurately and timely.
- Opportunity to “tailor” the Census outreach and messaging to most effectively influence communities throughout your county

Complete Count Committees

- The CCC should reflect all segments of the community: government; business; education; faith-based; community-based organizations; recruitment and workforce development agencies; and other unique populations.
